

Rafael Jaramillo Estrada

rajaramilloestrada@alumni.fullsail.edu | LinkedIn | Guayaquil, Ecuador (UTC-5) | English (Fluent) / Spanish (Native)

PROFESSIONAL SUMMARY

Delivery Manager and Technical Project Manager with 10+ years driving complex projects from concept to completion across energy infrastructure, HealthTech, and software consulting. Founded and operated a service delivery business serving 50+ clients with 15+ remote contractors and 2-4 day turnaround SLAs. Managed 4 parallel infrastructure installations coordinating 25+ contractors and international stakeholders during a national energy crisis. Hands-on technical builder (React, Node.js, Flutter) who understands engineering constraints and communicates fluently across business and technical teams. Bilingual English/Spanish with deep LATAM operations expertise.

PROFESSIONAL EXPERIENCE

Karpowership

Jan 2024 - Aug 2025

Senior Project Manager | Guayaquil, Ecuador

- Managed delivery of 4 Powership installations during Ecuador's national energy crisis, coordinating planning through grid connection across parallel workstreams
- Directed 25+ local contractors and international stakeholders (Turkish HQ, Ecuadorian government agencies) with bilingual technical translation ensuring zero miscommunication
- Negotiated 8+ vendor partnerships and designed a Guayas River transport system that cut crew commute time by 90%, removing a critical delivery bottleneck

Eagle Eye Productions

Apr 2022 - Feb 2024

Founder & Delivery Manager | Guayaquil, Ecuador

- Founded and scaled a project-based service delivery operation to 50+ clients, managing end-to-end delivery from client acquisition through quality control with consistent 2-4 day turnaround SLAs
- Built and coordinated a network of 15+ specialized remote contractors (editors, photographers, cameramen) across multiple concurrent projects, optimizing resource allocation and delivery timelines
- Established standardized delivery processes, client communication workflows, and quality gates that sustained high retention rates across a diverse client portfolio

Infernozilla

Aug 2024 - Nov 2024

Business Developer | Remote (USA)

- Managed lead generation outreach to 500+ studios across digital platforms, achieving 75% response rate through personalized campaigns via LinkedIn, Discord, and email
- Maintained organized lead tracking system for a 5-person distributed team using standardized workflows

FireApp

Oct 2020 - Feb 2022

Front-End Developer | Remote (Ecuador)

- Delivered 5 web projects using Webflow and Angular 9, collaborating with a 5-person backend team through sprint planning and iterative delivery cycles
- Built user-facing interfaces for restaurant POS and loyalty systems, balancing design specs, technical constraints, and delivery deadlines

Radioi99

Sep 2016 - Dec 2020

Marketing Project Manager | Remote (Ecuador)

- Scaled from managing 1 program to coordinating delivery for 8+ radio programs, growing audience reach by 25% through strategic content deployment
- Managed web presence, social media, and SEO optimization across multiple program formats

Offshore Gas & Oil

Apr 2015 - Aug 2016

Project Coordinator | Guayaquil, Ecuador

- Coordinated procurement logistics for 5+ remote operational sites, improving productivity by 20% and operational efficiency by 25% through supply chain optimization

TECHNICAL PROJECTS

PULSE: Beat & Burn Production

Full-stack PWA launched to 100+ users, generating \$2,500+ in first-week revenue across 125+ transactions. Built with React 18/TypeScript, Express.js, PostgreSQL. Includes admin dashboard, credit-based payment system, and 26-item security audit.

React 18, TypeScript, Node.js, Express.js, PostgreSQL, PayPhone API

Glipy -- GLP-1 Health App Production

Cross-platform mobile health app for the Hispanic GLP-1 medication market. Sub-10-second dose logging, multi-medication tracking, freemium subscription model. Solo-built using AI-augmented development.

Flutter, Dart, Riverpod, Supabase, RevenueCat, LOPDP compliance

EDUCATION

B.S. in Game Design -- Full Sail University

Winter Park, FL

A.A. in Business Administration -- Valencia Community College

Orlando, FL
